**Topic: Advanced Income Tax Planning for Family Businesses,
Their Owners and related Family Charitable Entities**

Every tax practitioner has to deal with family and generational business planning, with the focus of that planning often being on the estate, gift and generation skipping transfer tax issues related

thereto. This seminar is taking a different, less explored but equally important, angle on that planning: the income tax aspects of creating, operating and changing the ownership of the family business, and addressing the income tax consequences of family succession planning. With a speaking panel that includes an all-star line-up of tax practitioners, including several Past-Chairs of the Tax Section, as well as a selection of topics that provides 9 hours of CLE (including 1 hour of ethics!), this seminar is not to be missed!

**At the Fall Meeting – State Tax Division Meeting:
Don't Miss Dick Jacobs' Discussion on Sea Level Rise**

During the State Tax Division meeting at the Fall Meeting on October 15th, Past Chair of the Tax Section, attorney and author Richard O. "Dick" Jacobs of Johnson Pope will speak about the tax implications of sea level rise in Florida.

The potential impact of rising sea levels on Florida is staggering. It is a huge potential issue that implicates numerous parts of our government and political system. In October, we will examine the issue through the lens of Florida's tax system. Florida's local governments are heavily dependent on property taxes, particularly property taxes supported by high coastal values. What might happen if waterfront areas are "underwater" – literally – due to sea level rise? With the threat of sea level rise to South Florida, Tampa Bay, and other coastal regions, this tax system may not be able to generate ample revenues for necessary governmental services. How could the Florida tax system adjust to finance critical infrastructure to handle the future? Working on a revision to our state and local tax system will be an important tool for future state leaders.

Tax Section Comments on IRS Regulation Projects

The Tax Section has members working on comments on the following IRS regulation projects. If you are interested in participating in either comment project contact Brian Harris at brian.harris@akerman.com.

(1) **Transfers of Property to Partnerships with Related Foreign Persons.** We are looking at putting together a group and are soliciting volunteers to prepare comments in response to Notice 2015-54, Transfers of Property to Partnerships with Related Foreign Partners and Controlled Transactions Involving Partnerships. Notice 2015-54 is aimed at IP migrations that utilize partnerships. A typical IP migration involves a transfer of IP from a US company to a foreign company. As such, the use of partnerships is the less frequently used approach. Portions of Notice 2015-54 mandate the use of the remedial method under Code Section 704(c) to cause the US contributor to have income, and portions seemingly apply IRC 482 principles in a manner this is possibly inconsistent with the *Veritas* decision and invokes the income allocation rules used by the current cost sharing rules under Treas. Reg. Section 1.482-7. The cost sharing rules require that a significant amount of profits earned by contributed IP be allocated to the contributing cost sharing participant. As such, the application of the cost sharing approach to partnerships may exceed the IRS's authority. The impact of the Notice 2015-54 may extend to other areas of partnership tax and maybe even estate and gift tax planning.

(2) **FIRPTA Reorganizations.** We are currently looking at the Requested Exclusion of FIRPTA Reorganizations from Corporate Inversion Rules. The principal covered Code Sections are 7874 and 897. Participants include: Jim Barrett, Bob Hudson, Steve Hadjiligiou, Jeff Rubinger, Joe McFarland, James Schmidt, Summer LePree, Ceci Hassan, Bobby Moore, Michael Bruno, Adam Smith, Alfredo Tamayo

and Hans Tanzler IV. There is no comments deadline and this project is ongoing.

(3) **Partnership Audit Rules.** We are looking at putting together a group and are soliciting volunteers to prepare comments in response to Notice 2016-23, Implementation of the New Partnership Audit Regime Enacted as Part of the Bipartisan Budget Act of 2015.

(4) **Valuation Discounts.** The section is putting together a team to draft comments on the proposed Section 2704 regulations (REG-163113-02). The project may be a joint project with the RPPTL Section. The comment deadline is 90 days from the August 2, 2016, publication date.
