Leaders from the areas of international tax, business organizations, estate planning, tax procedure and controversy, and employee benefits and qualified plans are cued-up and ready to jump into action if and when reform comes. The study committee and the Tax Section will aim to educate Section members on the changes in the law and the impact of such reform on their practice areas through phone CLEs, live CLEs, lunch-and-learns, and articles in Section publications. The committee also will look for opportunities to address reform-related issues with government and IRS representatives during the Section's trip to Washington D.C. in September 2018.
